 hello@creativlink.fr

I'm a french UX/UI and product designer currently living in Paris and working as Freelance designer. Over the last years, I was at Nurun & Fabernovel working on interface & digital products. I'm involved in user experience, user interface and prototyping through agiles methodologies.

SNCF

En gare

Nurun

2016

Type d'intervention
DA web, UX Designer

Gares & Connexions is a part of SNCF working to reinvent the train station experience. They needed to create a mobile application to materialize their ambition. When you are in a train station, the app suggests activities and services, in order to improve your stay.
